

Mondial Folder B3

The Mondial Folder B3 incorporates Gera's own unique folding design and provides an online finishing solution that satisfies the requirements of the major worldwide markets.

This versatile and flexible product can be combined with the Xerox 510dp, Xerox 8825, Xerox 8830, Xerox 8850 printer.

The Mondial Folder grants the most value in performance for its price while providing an accurate, reliable and fully integrated solution to your printing distribution requirements.

Main Characteristics

- ⇒ Value: exceptional feature: price ratio.
- ⇒ Performance: high folding accuracy and reliability.
- ⇒ Functioning: extremely quiet for office environment.
- ⇒ Utility: wide range of folding programs for both Europe and USA
- ⇒ Extremely easy and fast installation.
- ⇒ User-friendly: Easy to operate, Operator selectable programs.
- ⇒ Interactive Operator Control Panel.
- ⇒ Fully integrated with printer and controller for remote operation & diagnostics.
- ⇒ Operator adjustable fan fold panels.
- ⇒ State-of-the-art electronics with low energy consumption.
- ⇒ Simple mechanism that requires few adjustments and little maintenance.
- ⇒ Folded output prints are stacked for easy access at desk level.
- ⇒ Low floor space requirement.
- ⇒ Output stacker can be raised for access to printers' paper drawers.

Technical Specifications

Dimensions

Depth 2130 mm
Width 1850 mm
Height 1030 mm

Power Supply

230V-3A / 115V-6A
50 Hz /60 Hz

Weight 290 kg excluding options

Product mark CE

Product Certification UL

Media type:

Plain & Diazo paper from 70-110 g

Standard Features

Online folder

Folding Methods

Fanfold / Fanfold & Crossfold
