Xerox 8365 & 8390
Wide Format Printers

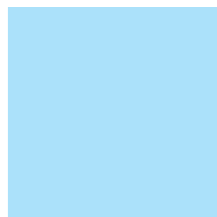

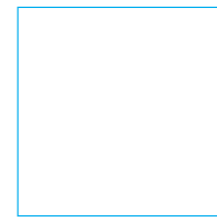

Specifications

Product Names	8365	8390
Technology	Drop-on-demand Piezo Inkjet Technology	
Maximum Media Widths	65"/1600mm	90"/2200mm
Maximum Print Width	64.68"/1643mm	88.58"/2250mm
Ink Configuration	CMYK/CMYKLCm	CMYK/CMYKLCm
Multiple Print Modes / Resolutions	360 x 360, 360 x 720, 720 x 720, 1440 x 1440	
Roll Media Core Diameter	3"	3"
Roll Media Diameter / Weight	100KG	100KG
Motorised Roll-off / Take-up System	Standard	Standard
Power Supply	240V single phase	240V single phase
Power Consumption	1100W	1400W
Working Environment	Temp 18/32°C Humidity 18-32%	
Noise Level	Operating 60dB	
Standards	VCCI (Class A), FCC (Class A), UL, CE, CCIB, KTL	
External Dimensions	3070 (W) x 720 (D) x 1220 (H) mm	3700 (W) x 720 (D) x 1220 (H) mm
Weight	265Kg	295Kg
Print Speed	2 x CMYK	1 x CMYKLCm
Top Speed (360 x 360)	6.0 – 42.0	3.0 – 22.0
Production Speeds (360 x 720)	5.8 – 22.8	2.9 – 11.5
Production Speeds (720 x 720)	3.0 – 13.0	1.5 – 6.5
High Quality (1440 x 1440)	1.5 – 3.0	0.8 – 1.6

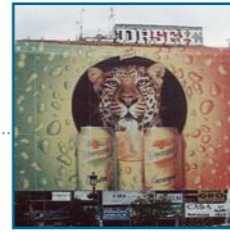

Xerox 8365 & 8390

Wide format outdoor colour printers

Xerox 8365 & 8390 Wide Format Printers

Production Wide Format Printer for Outdoor Excellence

- Wide format colour mild solvent printer
- High speed productivity
- Designed for unattended production environments
- Printing onto inexpensive uncoated media
- Permanent piezo electric print head

Reliability

The 8300 family of printers employs extremely durable and reliable piezo electric drop on demand ink jet heads. These have been developed with high quality mild solvent based inks, this reliably produces images for a wide range of long term outdoor applications.

The combination of long term outdoor longevity and mild solvent based inks, allowing the 8300 series to print directly onto a wide variety of low cost uncoated materials, such as scrim vinyl, PVC, adhesive film and banner material.

Durability

For true long-term outdoor use the 8300 series inks are waterproof, highly abrasion resistant and UV stable. Printed images can last outdoors for up to three years, without the need of lamination or for any form of protection on inexpensive uncoated materials. Inks are supplied in large ink cartridges for production environments, these can be replaced when the machine is running and contain 220 or 440ml per colour, allowing large unattended print runs.

The machines are available in two widths the 8365 is a 65" wide machine and the 8390 is a 90" wide machine. Both the 8365 and 8390 can be loaded with, either four colour, C M Y K or six colour C M Y K Lc Lm.

All printers are supplied with a media take up systems to ensure the output is not damaged in an unattended environment.

Wide range of applications

The 8300 range of printers will allow you to produce any type of outdoor print job, the range of applications include: point of purchase displays, banners, signage, exhibition graphics, long term backlit displays, vehicle graphics, street furniture, taxi and bus wraps, rigid boards, wall murals, stage graphics, flags and corporate graphics.

All Xerox 8300 series printers are provided with Caldera RIP software, this allows you to easily integrate the Xerox 8300 series printer into your existing workflow. The Caldera software provides you with a powerful but easy to use software designed for optimum performance.

The Xerox Wide Format 8365 and 8390 is a range of large format colour printers that have been specifically designed to deliver high speed printing with high image quality for outdoor applications.

Support

Xerox has the world's most comprehensive range of product and people based technical document services for reproduction distribution, printing and plotting, maintenance and management to improve business productivity through large format document management.

We manage a valuable asset, technical information, to help business achieve more efficient work processes, reduce time to market and increase productivity.

Xerox has unparalleled worldwide services and support, plus the resources and depth to think globally and act locally.

Your guarantee of satisfaction

Complete confidence in the quality and reliability of its products enables Xerox to make a unique offer.

A total satisfaction guarantee

If you are not fully satisfied with your Xerox equipment, Xerox will replace it with an identical or comparable model, upon request – at no cost to you.

This guarantee is valid for 3 years on equipment covered by a Xerox full service contract.
